

Two's company

Getaways have never been more romantic than at the Atlantic Hotel, Newquay.

Situated on the highest point of ten acres of headland, Atlantic Hotel Newquay doesn't simply offer some of the most premium accommodation and hospitality in Cornwall; it does so with a view that you can't help but fall for.

Moments from the famous Fistral beach, one of the south-west's most stunning stretches of sand, it's perfect for a couple seeking a break-more-romantic by the sea.

Having recently launched a proposal package for anyone popping the question, the Atlantic has an impressive series of wedding packages, so you can plan your day your way, down to the tiniest detail. With an original sweeping staircase, grand entrance, marble floor, chandeliers and a ball room with art deco styling, the interior is perfect

for your event and, when the sun's shining, you can say 'I do' with the ocean as your witness, beneath the intimate gazebo.

What's more, even if you're not tying the knot, the hotel's Romance Break package offers a stunning and relaxing getaway with sand, sea and sunsets that neither of you are ever likely to forget. And, while the beach is stunning, you'll be tempted not to leave the grounds, especially as you lounge next to the azure outdoor pool, or kick back in the hot tub, both of which overlook Towan, Great Western, Tolcarne, Lusty Glaze and Porth beach.

Here in Cornwall, we all know that there's nothing quite like fresh sea-air to work up an appetite. Being so close to the ocean, even sunning yourselves by the pool will be enough to get your tummy rumbling. Fortunately, from pasta to succulent steaks to seafood, the delectable menu, in the hotel's own Rosette awarded champagne bar and restaurant, Silks, is a product of a firm belief that fresh and local tastes better.

So, while there are many reasons to take a break in the south-west, it can sometimes be difficult to decide where to stay. Fortunately, the team at the AA four star Atlantic Hotel, Newquay, have just as many reasons to visit them as you do to visit Cornwall.
